

# what's happening on Williams?

**You spoke up. We listened.** The North Williams Traffic Operations Safety Project asked the community to develop a street design that is safer and more comfortable: for crossing the street and commuting along it; for walking, bicycling, parking a car, riding the bus; for people with disabilities and for old and young people.

The Stakeholder Advisory Committee has recommended a new design, and wants you to come and see it. Join them at a Public Open House on Saturday, May 19th at Immaculate Heart Church. There will be opportunities to:

- Look closely at the new design
- Talk with project staff
- Learn about the history of the street
- Record your stories of life in the community
- Scan pictures of the neighborhood (please bring your photos!)
- Prepare for the coming changes

For more information, please visit the website [www.portlandonline.com/transportation/williams](http://www.portlandonline.com/transportation/williams) or contact the Project Manager:
